READY, SET, APP!

Gather a team of students to compete in a North Carolina mobile app development challenge!

Students will identify a specific need in their community and use MIT App Inventor to create a mobile application to provide a solution. This is a high school only competition and teams need to register by November 30th.

Apps will need to be completed by March 2021. There are some really great prizes available for first and second place finishes.

Check HERE for more information or feel free to reach out to Doug Thompson (thompsondm2@appstate.edu).
First GEAR UP Guarantee Cohort

For the past several months, we have been working with Appalachian's University Communications Team to publish an article about our first group of GEAR UP Guarantee students currently attending App State. The article was published online this week and features a narrative about a Watauga GEAR UP student as well as a quote from Jody Freeman.

Please take some time to read the feature story and share with your team members!

Thank you to everyone who contributed time and energy to help make this article happen.

Do you need anything in our GEAR UP Resource Folder personalized? Do you want us to create something similar in your district? We can tweak any resource to fit the needs of your district, and we encourage you to brainstorm any ideas of how our resources can serve your needs! Districts may use any of the resources from this folder at any time. If a district wants to make any edits to an existing item in the folder, they will need to complete the Resource Request form. We will continually add items to this folder, so be sure to check back often. If you would like App State to print a resource in the folder, please allow 30 days for printing and delivery of the materials. Contact Elyssee Gibson (gibsonse@appstate.edu) with any questions.

We are actively working to create additional 7th year programming materials to add to the folder.

Have Suggestions?

We love to hear your ideas! Do you have suggestions that will help us improve? At any time, please provide your feedback by clicking the button on the left. Thanks for taking the time to help us continuously grow and improve.
