Reminder: Academic Year Transition in Lyceum Blue & Green

Please make sure that every service for the 2020-2021 academic year that takes place up to (and including) Tuesday, June 15th is entered into Lyceum Blue or Green! This applies to both 1.0 (10th, 11th and 12th grades) AND 2.0 (6th and 7th grades). All services must be in the correct instance of Lyceum no later than June 15. After June 15, we will not be able to enter any services that took place during the 2020-2021 academic year.

On June 16, we will be moving students in Lyceum to the next grade level. Please do not enter any data after June 15th. Once the process of moving students is complete, we will send districts notification that they can start entering summer services.

This date (June 15th) represents the closeout of our first period of performance in GEAR UP 2.0, and the results associated with this period are what will be reported on our APR in April 2022. That means that June 16th is the official start of the next period of performance (June 16, 2021 through June 15, 2022). Let’s use the summer and start of the academic year in the fall to kick off the second period of performance with a strong start!

If you need our help with getting final 2020-2021 services entered, please contact Jui-Teng Li (lijuiteng@appstate.edu) as soon as possible.

Summer Back to School Support (Tutor.com & Masteryprep)

As we are heading into summer, we want to support your teachers with any professional development and marketing support to hit the coming school year strong. Some ideas include: In-person or virtual trainings for your teachers on how to get the most out of Tutor.com and Masteryprep, Marketing materials or booth setups at back-to-school events, print-outs to get the word out for a back-to-school kickoff, and many more!

If you would like to explore options for summer support, please reach out to Jonathan Carpenter at carpenterjd@appstate.edu.
Summer Entrepreneurial Ideas

We recently featured a blog post about how students can hone their entrepreneurial skills over the summer. Please share these ideas with your students, and reach out to Jonathan Carpenter (carpenterjd@appstate.edu) with any entrepreneurship ideas or questions.

Please keep your eye out for additional content and exciting stories coming later this summer! If you have ideas you’d like us to share on the GEAR UP Features page, please share them with Elyssee Gibson (gibsonse@appstate.edu).

Marketing & Communications Files

Do you need anything in our GEAR UP Resource Folder personalized? Do you want us to create something similar in your district? We can tweak any resource to fit the needs of your district, and we encourage you to brainstorm any ideas of how our resources can serve your needs! Districts may use any of the resources from this folder at any time. If a district wants to make any edits to an existing item in the folder, they will need to complete the Resource Request form. We will continually add items to this folder, so be sure to check back often. If you would like App State to print a resource in the folder, please allow 30 days for printing and delivery of the materials. Contact Elyssee Gibson (gibsonse@appstate.edu) with any questions.

New items in the folder include GEAR UP Zoom backgrounds, test date reminders, social media posts, GEAR UP services login flyers, survey graphics, and more!

Have Suggestions?

We love to hear your ideas! Do you have suggestions that will help us improve? At any time, please provide your feedback by clicking the button on the left. Thanks for taking the time to help us continuously grow and improve.
