

Students create a large state map locating all 4-year Universities to be displayed by the school counselor office or other location

**College Indicator State Map**

Students interview teachers and faculty from several universities to ask about college experience, options, and support

**College Scavenger Hunt**

**College Door Wars**

Teachers' doors are decorated and crafted in their alma maters. School votes on best door

Students are given individual white boards to write down their favorite school. Photographs are arranged in public display

**Favorite College Collage**

**Rotating Bulletin Boards**

Rotate bulletin board themes throughout the year. Topics can include scholarships, "college of the month", SAT word of the day, "cool careers", or anything that supports a college-going culture

**College SMART Goals**

Students create SMART Goals to display for their short-term (days-week), medium term (weeks to months), or long term (over a year) steps to obtain a postsecondary education

DEC.

FEB.

**DIY College Pennant**

Students design their imaginary ideal college on a blank pennant (i.e. Minecraft University, University of Soccer Players, School of Norwegian Black Metal)

**8th Grade Tour of High School**

High school students host current 8th graders at respective high school. Emphasis is placed on extracurricular activities and post-secondary plans.

**College Tour Photo Collage**

Students organize a large on going display of themselves and peers on any university campus

**STEM Engineering Competitions**

Students compete in the famous popsicle stick bridges or marshmallow towers. The "egg box" drop could also be an option
